

# Waxing Clinic Instructor

**There is nothing better than a perfect balance between grip and glide while skiing. Waxing is a science that can look complex but the basics are pretty simple to understand and share.** These workshops are primarily for people who want to take care of their skis themselves or transitioning from waxless to waxable skis.

**Ideally we would like to offer 1 or 2 workshops per week** (one glides and 1 grip wax). Depending on the number of instructors, each of them could have a workshop once every 2 weeks or a bit more/less (this project is based on volunteering, so it's flexible). Workshops take place in the **Hot Wax Hut** (the waxing room outside the chalet).

We like to offer both **daytime** and **evening** options to accommodate as many people as possible. *E.g: Tuesday 5 to 6:30pm / Sunday 10 to 11:30am*

## TIME COMMITMENT

Depending on your availability, from late November to March. Whether it's once a season, once a month or more, your commitment will be greatly appreciated (1.50hrs/workshop).

*A workshop schedule will be drawn up in collaboration with the volunteers at the end of each month for the following month.*

## TRAINING

We ask volunteers to bring their own knowledge. We're happy to share techniques and ideas and to provide a training session on request.
